Veterinary Student Scholar Online Application Directions

To submit an application to the Veterinary Student Scholars program, **please read these directions carefully:**

To start a **NEW** online application, click on the link below. You will be taken to MAF's online application form. You will need to set up an account and will then take a short eligibility quiz.

NOTE: Once you have started your online application, you will be given the option to save and finish the application later. Please see number 2 below. The following link will only work if you are starting a new online application. If the **NEW** online application link is accessed more than once, you will be creating more than one online application.

In the event that you inadvertently create more than one application, multiple applications will be shown on your account page. Please delete all but the most recent application and select the latest version to continue your current application.
