Participate in the webcast at:

www.MorrisAnimalFoundation.org/livechat. In addition, a webcast on pet pain directed to veterinarians takes place from 7:00 p.m. to 8:00 p.m. EST. Both webcasts will be available indefinitely for global audiences on a non-live basis at the webcast address.

Leading this webcast will be Robin Downing, DVM, a MAF Trustee and one of the world's leading experts on pain in animals. In 2005, Dr. Downing became the third veterinarian in the world to acquire diplomate credential from the American Academy of Pain Management. As of today, fewer than a dozen veterinarians worldwide hold this credential. Dr. Downing is founder and past president of the International Veterinary Academy of Pain Management and was co-chair of the task force that authored the "2007 AAHA/AAFP Pain Management Guidelines for Dogs and Cats." In 2006 she opened The Downing Center for Animal Pain Management, LLC, the only comprehensive pain management and pain prevention practice for pets in Northern Colorado.
